Dear Friends & Colleagues,

Welcome to the third edition of TTJR – Techniques and Technologies in Joint Replacement 2025!

We are thrilled to have you join us in the vibrant city of Mumbai for this dynamic event, where innovation meets expertise in orthopedic surgery. Over these three days, you'll have the opportunity to engage with leading professionals, discover cutting-edge techniques, and explore the latest advancements in hip and knee replacement. Whether you're a seasoned surgeon, an orthopedic surgeon in training, or an industry partner, this conference promises to enrich your knowledge and expand your professional network.

Get ready for insightful presentations, interactive workshops, minibattles, crossfires and meaningful discussions. The amazing future of arthroplasty unveils itself in Mumbai. Together, let's advance the future of joint replacement!

In addition to our technical sessions, we have organized networking events and social gatherings to foster collaboration and build lasting relationships. Take advantage of the product workshop, where you can explore the latest products and services from top industry vendors. We encourage you to share your experiences and insights, as your participation is key to the success of this conference.

Welcome to Mumbai, and enjoy the most advanced arthroplasty conference in the country!
